

RK

HEAVY ENGINEERING PVT. LTD.,

RKHE

**Pre Engineered Building (PEB)
(Fabrication & Installation)**

About Us

RKHE is an ISO 9001:2015 certified company, located in near by Chengalpet (Chennai). Started in 2009. We are Specialized in providing solution for all kind of steel Fabrication. Having efficient infrastructure for design, fabrication and installation. We have invested in developing long term customer relationships, while by providing high quality, timely delivery of all our products. Our Capabilities include Steel Bridge Structure, Pre-Engineered Steel Building, Heavy Steel Fabrication, Pressure Vessel, Material Handling Structural.

Facilities

- Overall Area - 10 Acres.
- Covered Area – 50000 SQ.FT.
- Open Gantry Bay – 58000 SQ.FT.
- Capacity Of handle 1200 MT PEB per month.
- Fibre CNC Laser Cutting, Pending, Punching, Welding, Blasting & Painting.
- 250 Trained & skilled Manpower.

WE USE STATE OF ART MACHINES

Pull Through Welding Machine (PTW)
Max. Web Wide: 1500mm, Max. Web Thickness: 12mm
Max.Flange Height: 450mm, Max.Flange Thickness: 20mm

Fibre CNC Laser Cutting Machine - 4 KW
BED Size: 2500mm(W) X 6100mm(L)
Accuracy: 0.05mm, Max.Thickness: 20mm

Hydraulic Shearing Machine
Max.Length: 8000mm
Max.Thickness: 16mm

CNC Plasma & Oxy Fuel Cutting Machine
Bed Size: 3000mm X 15000mm
Max.Thickness: 40mm

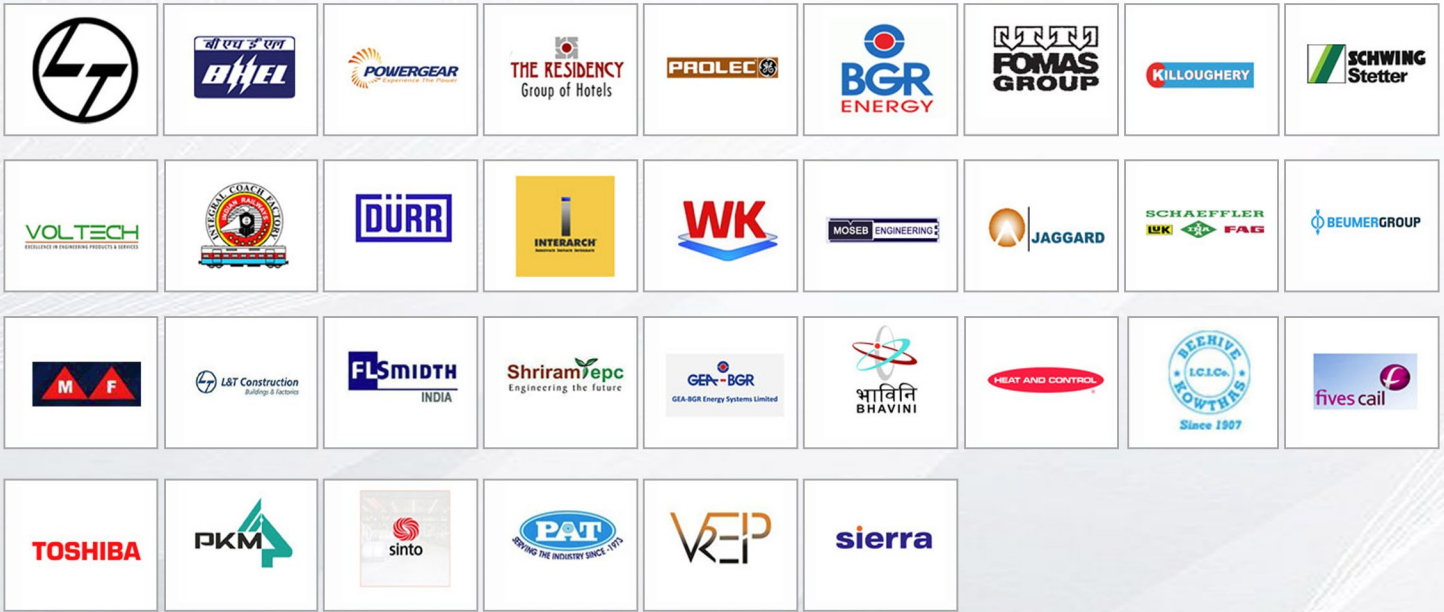

Blasting Chamber

Painting Chamber
